**JEES :** This journal describe the students' self- efficacy on their writing competence. The subjects of this study were three students from Thailand. The students' responses in questionnaire were analyzed through frequency distribution and percentage.

### **III. Method**

Both of them used qualitative data. Use questionnaire to proof the research.

### **IV. Significance**

All journal are good information to the readers. But, I think the good one is in Pedagogia. Because Pedagogia explain about difficulties to learning English in all aspects.

Concluding sentence:

When the two of journals has many articles with different content and benefit, which one do you like to read? One of journal which gives many advantages or one of journal which gives knowledge clearly?

## Full Paragraph

### 1. Point by Point Method

Both of the journal is good because all information in there explain about the English learning problem, and also how find the way to solve that problem. Reading *Pedagogia Journal* (Megawati, 2016a) more easy than read *JEES*. *Pedagogia Journal* more detail to explain the difficulties English Learning (listening, reading, speaking and writing). First *Pedagogia Journal* used Bahasa in the text. This is useful for people who less in English skill. If *JEES* (Megawati, 2016b) used English for all information. That is good but if there are any people who less in English skill, they difficult to understand every words in there. Because not all of people have English skill. Second, *Pedagogia Journal* explain the benefit of learning English, one of the benefit you can get a better job that you want. If you read *JEES* you only know about self-efficacy in writing skill that important for you to be an author. Third, *Pedagogia Journal* used several student in University of Muhammadiyah Sidoarjo (UMSIDA) for the object research, not only in English Faculty. That is important to know how far the student understand about English Language during they study in UMSIDA. If *JEES* used 3 student from Thailand as object research. That is only know the writing skill of foreign student who study in UMSIDA to proof the self-efficacy that student. Meanwhile, in *Pedagogia's* website has many visitors from different countries. It is begun longer than *JEES*. All in all, why would any one want to read *Pedagogia Journal* ?

### 2. Block Method

Both of the journal is good because all information in there explain about the English learning problem, but also find the way to solve that problem. Reading *Pedagogia journal* is more easy to read than *JEES*. *Pedagogia* more detail to explain the difficulties learning English (listening, reading, speaking, and writing). First, *Pedagogia* has various content which useful for people who don't know English. *Pedagogia* explain about the benefit people must learning English. That can be a big motivation to study English better for someone. The contents has variety information that someone never find it before, like the statement people about speaking be the based to know how far you understand your skill in English. Actually that is wrong statement, people who have skill in English must understand all aspect not only in speaking but writing, listening and reading also. This *Pedagogia Journal* (Megawati, 2016a) used qualitative research method and used observation, recording, and questionnaire as the instruments. The object to describe English learning from non – English Department students during the classroom activities. If *JEES* used 3 student from Thailand as object research. That is only know the writing skill of foreign student who study in UMSIDA to proof the self-efficacy that student. Meanwhile, in *Pedagogia's* website has many visitors from different countries. It is begun longer than *JEES*. All in all, why would any one want to read *Pedagogia Journal* ?
